ROOT RAKE

DIGGA
CONSTRUCTION GRADE
MACHINERY ATTACHMENTS

The Root Rake is ideal for fast clean-ups, vegetation management, sifting soil/rocks and removing unwanted shrubbery and overgrowth. Material can be sifted and sorted to clear out unwanted debris and leave good soil or material behind. This 84" model also includes convenient steps on either side for easy cab access. Available for multifit and Cat skid steer loaders

■ HEAVY DUTY 5/8" THICK TYNES

Made to last, the Root Rake is manufactured from top grade 5/8" thick steel. Coupled with quality workmanship to give you peace of mind.

■ OPTIONAL SAFETY GUARD

Safety guard can be bolted on to rake for added safety.

■ AMERICAN MADE QUALITY

Quality products are manufactured in-house by Digga in America. We use only the highest grade materials and strictest quality control.
